Comments on Projected Fund Balance - All Funds

General Fund:

The City projects balanced budgets in the proposed FY 2021 budget, which is largely the result of revenues generated by the slight improvement in Real Estate values, improved Personal Property Tax collections, FEMA reimbursements, increase in School State Aid and increase in Classroom Rental Fee. Surplus unassigned fund balance in the amount of \$398,051 will be used in FY 2021 to balance the General Fund budget. The result is a projected ending fund balance for June 30, 2021 of \$17.8m (12.0% of General Fund revenues).

Water & Wastewater Funds:

In FY 2008 and FY 2011, the City financed \$5.0m and \$24.0m respectively in bond financing for water and wastewater capital projects. The debt financing was structured to meet the City's water and wastewater capital needs and help grow cash reserves to industry recommended levels. After the sale of the City's water treatment plant and related assets to Loudoun Water in January 2014, the remaining balance due on the 2008 financing was paid off with a portion of the resulting proceeds. The remaining balance on the 2011 financing was refinanced and transferred to the Wastewater Fund as a revenue bond, supported by the cash flows of the Wastewater Fund.

In concert with the City's financial advisors, annual wastewater rate increases are recommended for the foreseeable future. As such, the FY 2020 Adopted budget included a 10% rate increase and the FY 2021 proposed budget recommends an 8% rate increase for the Wastewater Fund. The Wastewater Fund rate increase is necessary due to additional costs associated with the City's mandated portion of capital improvements at the Noman M. Cole Jr., Pollution Control Plant (wastewater treatment facility) and improvement projects for the collection system as well as the increased debt service on the 2011 financing.

City of Fairfax water customers became retail water customers of Fairfax Water in January 2014 when the City bought into Fairfax Water's system and sold its water utility assets to Fairfax Water and Loudoun Water; the City's Water Utility effectively ceased operations at that time and was not included in the FY 2016 budget and thereafter.

Transit Fund:

This fund maintains a minimal cash balance. The transit system operates at a deficit, requiring transfers from the State and the Transportation Tax Fund.

Stormwater Fund:

The FY 2021 proposed budget reflects 3.25¢, an increase of .25¢, (equivalent to approximately \$2.1m) on the real estate tax rate dedicated to fund stormwater projects. Expenditures of \$2.1m have been recommended for improvements relating to stormwater infrastructure.

Comments on Projected Fund Balance - All Funds (continued)

Old Town Fund:

This fund was established to fund services and City initiated commercial projects in the Old Town District. The City Council established the Old Town Service District in 2000 which levies special assessment taxes against properties located in Old Town Fairfax; the original sunset date for the Old Town Service District is June 30, 2020. The FY 2021 proposed budget assumes the OTSD will be reinstated in FY 2021 and remain in force for an additional 20 year period.

Transportation Tax Fund:

The City Council established the Transportation Tax Fund as part of the FY 2010 Adopted Budget, which levied an additional 8 cents per \$100 of assessed value on all commercial and industrial properties, located in the City of Fairfax. During the FY 2011 budget process, this rate was reduced by 2.5 cents from 8 to 5.5 cents per \$100 of assessed value. The rate increased to 9.5¢ per \$100 of assessed value for FY 2017, 10.5¢ per \$100 of assessed value for FY 2018, 11.5¢ per \$100 of assessed value for FY 2019 and 12.5¢ of assessed value for FY 2020 (maximum allowed by state). For FY 2021 the proposed rate remains 12.5¢ per \$100 of assessed value. All residential properties including apartment buildings are excluded from this tax. By approving HB 3202 and HB 2479 the General Assembly authorized Northern Virginia Transportation Authority (NVTA) members to raise revenue, by enacting a local ordinance levying the additional commercial tax. The revenue collected by the jurisdiction imposing this tax and any fund balance carried forward is to be used solely for transportation projects. A preliminary set of projects has been approved by the City Council and are currently in the design and right-of-way acquisition phase.

HB 2313, as amended by the Governor went into effect July 1, 2013. The bill contains statewide and regional revenue components that will provide roughly \$840 million annually for transportation funding by FY 2021, as well as a regional component for Northern Virginia which will provide another \$300 - \$350 million annually.

The additional revenue generated for Northern Virginia will result from the state imposing an additional state sales tax of 0.7%, an additional 2.0% state transient occupancy tax, and an additional state recordation fee equal to \$0.15 per \$100 of the value of the real property for which the deed, instrument, or writing is being recorded. The additional revenues are deposited into a Northern Virginia Transportation Authority Fund, with 30% of the funds being distributed to the member localities for use on transportation projects, and the remainder to be used for regional transportation projects. The 30% allocation will be distributed to the individual localities provided that locality imposes its commercial/industrial tax at the maximum rate of 12.5¢ per \$100 of assessed value (or dedicated an equal amount of revenue from an alternate source). In general, the revenue allocated to each jurisdiction may be used for (1) transportation projects which increase capacity and (2) costs related to transit (i.e. CUE expenses).
